

Financial Services TAX SENIOR - London

My client are a major practice who are currently expanding their tax team rapidly and looking for top tier tax talent

Working with the Tax team the successful candidate will be responsible for a variety of duties across the different Tax heads on both compliance and consultancy projects. My client can offer the opportunity for exposure to a variety of clients, as well as exposure to other elements of the Tax department including commercial management, building client relationships, training, business winning.

The successful candidate will be hard-working and enthusiastic individual dedicated to a career in Tax He/she will have the following skills and qualifications:

- o Management of portfolio of income and corporate tax clients for the oncoming deadlines
- o Delivery of Tax Consultancy projects which will involve a variety of tax advice
- o Full commercial management for portfolio of client work
- o Working closely with other departments within the firm to identify opportunities to assist existing clients
- o Coordinating work of junior staff
- o Working closely with staff on training & development

The successful candidate should have the following:

- o Recently qualified - AITI and/or ACA or ACCA
- o Experience with managing a portfolio of income tax and corporate tax clients
- o Experience within a legal environment is an advantage but not essential
- o Financial services experience an advantage
- o Excellent IT skills (including all MS Office applications)
- o Very strong communication and organisational skills
- o Proven ability to have a good attention to detail

This is a fantastic chance for a driven and career focused individual looking to join an innovative professional team within a progressive and growing firm
